Technical Skills

Strong: JavaScript (ES5/ES6), CSS3, HTML5, Flexbox, PostgreSQL, Bootstrap 4

Experienced: Node.js, AJAX, React, Express, REST API, PHP, Mobile-Responsiveness, endpoints

Tools: GitHub, VS Code, JSON, Figma, npm, Webpack, Git, Slack, React Dev Tools

Professional Experience

Web Developer, CTO Tech Services (2021-2021)

- Created landing pages for a data science curriculum using HTML5 and CSS3
- Achieved mobile responsiveness and usability across different devices utilizing Bootstrap
- Communicated with senior developers via Zoom and Slack to ensure a high level of quality throughout the project

Content Strategist, Rival App (2016-2018)

- Developed unique strategies to increase social media following and engagement
- Crafted grassroots marketing campaign involving direct engagement with potential users at various sporting events
- Aided in the design process for the app merchandise and distribution strategy

Applications Developed

myRecipe, [Live Demo](#) | [GitHub](#)

- Full stack web application that allows users to upload and share recipes, achieved largely through **React**
- Applied **PostgreSQL** to retrieve information from the database and store user information, such as recipe information
- Styled with **CSS3** and **Bootstrap4** to create a user-friendly interface and ensure ease of use throughout the application
- Developed back-end server for the application using **Express.js** and interacted with the server via **Fetch** Calls

footyVerse, [Live Demo](#) | [GitHub](#)

- Web application that allows soccer fans to view team and player statistics from Europe's biggest domestic leagues
- Created responsive league and player information tables through **CSS3** and **Bootstrap4**
- Created a back-end server utilizing **Express.js** and retrieved data from an API through the use of **Fetch** calls
- Customized unique **React** components for each league through event handlers to ensure accurate stats from the past 5 seasons

Education

San Francisco State University, B.S. in Business Administration

Concentration in Business Management

LearningFuze, Accelerated Web Development Program

- 800+ hours (60-70 hours weekly) developing and learning new skills, as well as creating projects

Codecademy, Learn PHP Course, [Certificate](#)

- Completed the beginner to intermediate level course for PHP

Hobbies

Basketball

- Play at local park almost every weekend
- Previously been involved in several Adult leagues and tournaments

Traveling

- India, England, France, Belgium and Wales
