## Technical Skills

**Strong:** JavaScript (ES5) + (ES6), CSS3, HTML5, Flexbox, PostgreSQL, Bootstrap 4

**Experienced:** Node.js, AJAX, React, Express

**Tools:** GitHub, VS Code, JSON, Figma, npm

## Applications Developed

**hoopLegend**, [Live Demo](#) | [GitHub](#)

- Web app displaying information about NBA teams by utilizing **AJAX** calls from an API
- Styled with **CSS3** to ensure mobile responsiveness across multiple platforms
- Dynamically developed pages depending on the user's choice for their favorite team utilizing using **JavaScript (ES5)**
- Created modals and fallback messages using **CSS3**, **HTML5**, and **Flexbox** to account for inconsistent data from the API

**hoopLegend**, [Live Demo](#) | [GitHub](#)

- Web app displaying information about NBA teams by utilizing **AJAX** calls from an API
- Styled with **CSS3** to ensure mobile responsiveness across multiple platforms
- Utilized **JavaScript (ES5)** to dynamically create pages depending on the user's choice for their favorite team
- Created modals and fallback messages using **CSS3**, **HTML5**, and **Flexbox** to account for inconsistent data from the API

## Professional Experience

**Line Manager**, Corona Car Wash (2014-2015)

- Ensured the lines stayed orderly and fellow employees reached out to customers still waiting to be served
- Maintained an organized work structure on the floor to ensure a customer and their vehicle were serviced in a timely fashion
- Encouraged constant communication between employees on high volume days in order to avoid long wait times for customers
- Coordinated idea exchanges with employees to improve efficiency in time intensive work such as care detailing

## Education

**San Francisco State University**, B.S. in Business Administration

*Concentration in Business Management*

**LearningFuze**, Accelerated Web Development Program

- 800+ hours (60-70 hours weekly) developing and learning new skills, as well as creating projects
